

October 29, 2020

Greetings to all **Sandoval Sporting Range members**

Finally! Range construction is underway at Sandoval Sporting Range and should be completed by November 14, weather permitting. This layout will offer our members 10 large handgun bays with adequate drainage, an impressive rifle range, convenient parking closer to the range and a better sign-in and sign-out location.

We need more heavy-duty shooting benches and we will need volunteers to help seed and straw the backstops and side berms in a couple of weeks. Let me know if you can help.

Sandoval Sporting Range has great officers and a Board of Directors that are donating their time and effort to make this possible. (Chuck Simms, Jim Brookheart, Tammy Donoho, John Bergen, Kerry McDonald, Jim Bryant, Mike McHenry and myself.) I am proud of each of them.

Our quarterly members meetings are the 2nd Tuesday of February, May, August and November at 7 pm. Our annual election will be February 9, 2021.

Read **and** follow all our range rules and leave your range better than you found it. Your membership may be terminated for violating our rules.

Thanks for your support,

Darrell Donoho
