

November 21, 2025

Sandoval Sporting Range is accepting 2026 memberships and renewals.

Options include:

1. An application is included with this letter.
2. A 2026 application can be printed from our website soon (sandovalsportingrange.com).
3. Call me with your credit card information. I will complete the application for you. Your credit card receipt will be included with your membership badge.

A membership would be a great Christmas gift for a friend.

Years ago, the good ole boys that pretended to run trap, skeet and sporting clays shoots left us with substantial debt. We were able to finally pay off that note and in 2020 we borrowed money to build our new range. I am happy to announce we have also paid that loan off.

We have been running H3G (Historic 3 Gun) matches on most 3rd and 4th Saturdays this year. We will put on a few matches this winter if the weather permits it. You should check out this exciting new action shooting sport.

Also, our bowling pin matches have been lots of fun. It is evolving and will now become more streamlined. Same fun - shorter match. Weather permitting, our pin matches will continue through this winter, but will begin at 1:30 pm.

Our shooting range is still in need of some new shooting benches. Hint!

Sandoval Sporting Range cannot exist without rules and rules are useless if they are not enforced. So please...**READ the rules completely**. And leave your shooting range better than you found it.

Sandoval Sporting Range quarterly meetings are scheduled for the 2nd Monday of February, May, August, and November at 7 pm in our clubhouse. Our annual election will be February 9, 2026 at 7 pm. Your 2026 membership application must be received by February 2, 2026 to be eligible to attend/or participate in our election.

Thank you for your membership.
